

# Tran Nhu Long - Senior Frontend Developer

Phone: (+84) 0929203392 / Email: nhulongtk10@gmail.com

Linkedin: @nhulongtk10

---

## SUMMARY

I'm a front-end developer with 9 years of experience in web development. I have participated in many projects in different roles. With my knowledge of UI/UX, I enjoy solving front-end problems and creating the best UX for users. I also keep up to date with new technologies and best practices to become a better version of myself.

## TECHNICAL SKILLS

**Programming Languages:** JavaScript, Node, and TypeScript (very good)

**Frameworks:**

- Vue.js (option API and composition API), Nuxt.js
- React.js, and Next.js, Radix, Shadcn/ui
- Bootstrap 4 & 5, TailwindCSS, and Material UI
- jQuery
- Webpack/Babel and Vite
- Node and NestJS

**Database Management:** MySQL and MySQL Server

**Others:**

- State management: Vuex, Pinia, Redux, and Zustand
- Good understanding of OOP methodologies,
- Hands-on experience with AWS
- Base knowledge of CI/CD, Docker, and Docker composer
- Git proficiency
- Vim lover
- Shell script

## PROFESSIONAL EXPERIENCE

### Axon Active Vietnam - Frontend Lead

2023 - 2024

**Project:** Sofia (8 members)

- **Description:** Sofia is a healthcare platform, a real-time data flow across the application. My work also involved integrating Radix for accessible UI components and employing Shadcn/UI for designing a modern, intuitive user experience. This project aimed to enhance healthcare delivery by providing healthcare professionals and patients with a comprehensive, easy-to-navigate platform for managing healthcare services more efficiently.
- **Technology:** React, Next.js, Relay, Zustand, TypeScript, Radix/ui Shadcn/ui, JavaScript, E2E (Playwright), and CI/CD.
- **Responsibilities:**
  - got the client's trust and positive feedback from CTO after 3 months of working
  - setup project, init core component, services, pages
  - Performed code review, outlined poor practices, and provided recommendations for team members.

- **Responsibilities:**

- Implemented complex features like lock patient medical record, request editing medical record, live update appointments in waiting room, ...
- Technical sharing, training new members, technical documents
